

VANDAL/MARK REMOVER

- jelled vandal and mark remover
- will not drip or run off
- can be used on all non-porous surfaces
- safe for cleaning baked enamel paints, metals, porcelain and formica
- not recommended on flat or semi-gloss painted surfaces
- can be used almost anywhere — billboards, bridges, fences, brick walls, subway walls and cars, telephone booths, buses, monuments, racquetball courts, hockey arenas, highway signs, desk tops, elevators and hallways...

* order PN # DA - 078 - 20 oz

METAL POLISHING SCRUBS

- fast, easy and efficient removal of tarnish and oxidants
- non-scratching abrasive pre-moistened cloth
- low ammonia polishing formula
- safe on most metals
- ideals for use on brass, ornamental object, lamps, hardware, plumbing fixtures, boats and autos

* order PN # 902 (18/pkg - 12 pkgs/case)

PEEK POLISH

- cleans and polishes all metal surfaces
- nontoxic, anti-oxidant, protects against tarnishing
- not suitable for anodized aluminum but works on virtually all other metal surfaces
- acrylic, brass, bronze, copper, fiberglass, chrome, gold, platinum, plexiglass, silver, stainless steel and aluminum

* order PN # 33003 - 1000 ml. can cream
33009 - 20 oz. aerosol mousse

INSIDE & OUT SCRUBS

- one-step cleaning and coating system
- combines high-quality cleaner with absorbent, abrasive, non-scratching towel
- cleans, conditions and protects vinyl, rubber and leather
- leaves treated surface with a glossy, protective finish
- convenient resealable bucket ensures towels will not dry out between uses

* order PN # 90530
(30 / can, 6 cans / case)

GRAFFITI SCRUBS

- combines high-quality graffiti remover with highly absorbent, abrasive, non-scratching towel
- penetrates, loosens, breaks down and dissolves spray paint and other graffiti
- towels absorb and hold residue to avoid re-depositing of contaminants
- MSDS-gloves should be worn
- works on hard non-porous surfaces

* order PN # 90130
(30 / can, 6 cans / case)

STAINLESS STEEL CLEANER

- natural citrus solvent aerosol
- detergents and polishing agents clean, polish and preserve stainless steel finishes
- doesn't leave streaks or scum
- resists re-soiling by dirt, oil and water spots
- may be used on brass, aluminum, chrome, copper and stainless steel

* order PN # DA - 345 - 20 oz.
