

TOTE BINS

- nestable, stackable and reusable
- hinged interlocking cover snaps closed for secure storage or transportation
- when open, the lid hangs flat at the container's side, out of the way but easily accessible
- 12 gallon capacity

* order PN#5910 (grey only)

5910 Bin

STORAGE SHELVES

- ventilated shelf – 18" shelf spacing
- design allows for a dry and dust-free storage environment for all of your supplies
- structural plastic shelves, columns, dust caps and legs will not rust, dent, peel or chip
- moulded edges are smooth to avoid catching on clothing
- holds up to 150 lbs. per shelf
- "Quick assembly" socket and column system makes set-up fast and easy without requiring tools or fasteners

* order PN#6484, (beige) (not shown)

- ventilated shelf with all of the features of the 6484 plus:
- specifically designed for food service applications
- features 6" legs and levelers for easy cleaning and stability on most floor surfaces

* order PN#6485, (beige)

- non-ventilated shelf
- features four reinforced, raised shelf edges to contain spills while providing exceptional strength
- ideal for dispensing chemical "kegs", office supplies, or other storage of items in warehouses and closets
- Shelves have slots for hanging brushes or tools
- 14" clearance between shelves

* order PN#7204, (charcoal grey)

7204 structural plastic shelf

SHOPPING BASKETS

- perfect size for small pick up jobs — ideal for stores of all kinds, including grocery, hardware, office supply and convenience

* order PN#412 (blue only)

- metal storage rack with sign provides a handsome display in any shopping environment

* order PN#413 (baskets sold separately)

Photo: shows 413 Wire Rack and Signs with 412 totes
*412 totes ordered separately

5914-1 Curbside Container

RECYCLING BIN

- great for offices, commercial businesses or homes
- recyclables go straight to the curb

- may be nested or stacked across
- pocket handles keep fingers safe from sharp contents and makes lifting easy
- four drain holes in base allow water drainage
- 14 gallon capacity, blue only with recycle logo

Measurements:
14 1/2" X 15 1/2" X 20"

* order PN # 5914, recycle blue with logo
