

### MOBILE INGREDIENT BINS

- unique two-section lid design prevents cross contamination by allowing front lid to slide underneath the rear, preventing it from pulling debris off rear lid into food being stored
- front lid slides back for easy access or lifts and locks for quick and easy loading
- lids are attached to bin to prevent separation and loss
- both units have 3" non-marking casters, 2 fixed and 2 swivel for maximum maneuverability
- ingredient bin body is constructed of durable smoothmold plastic
- seamless walls and round corner design make cleaning simple and thorough
- both models are NSF listed

\* order PN #9321 - 21 gallon capacity  
9326 - 26 gallon capacity

### ECONOMY INGREDIENT BINS

- made of engineered resins
- seamless construction to provide maximum strength and easy cleaning
- can be used for a wide range of commercial food service applications such as food preparation, food storage and transportation
- for mobile ingredient bin, just add lid and dolley
- USDA Accepted, NSF listed and comply with FDA regulations

\* order PN # 1001 white (10 gallon)  
2000 white (20 gallon)

Optional lids and dolley sold separately  
see catalogue pages 6 and 7

See page 14 of our catalogue for the complete line of bussing and utility carts

### LARGE FOOD STORAGE

Crisper Bin

- ideal storage and processing container for vegetables, meat, poultry and fish
- space saving square design fits under standard counters and is more stable than round containers
- crisper comes complete with dolley, base containers, perforated liner lid and drain spigot

\* order PN # 2807 (white) 32 gallon

Some colours/sizes may be special order. Please contact your customer service department for details.
