

All of our wet mops on this page feature Synthetic Mesh Headband which allows the mop to breathe and dry quickly and reduces the chance of mop rot.

Sturdy construction stands up in the laundry and on the job.

FLAT WET MOPS (CUT ENDS)

4024 (24 oz.-650g)

4016/4020/4024

1616/1620/1624

FLAT CUT END NARROW BAND (COTTON)

- quality, high-grade yarns
- 1 1/4" headbands securely sewn and double-tacked
- without tailband

* order PN # 1616 (16 oz.-450g)
1620 (20 oz.-550g)
1624 (24 oz.-650g)

NOTE: the best way to break in your cotton mops is to soak the mop overnight in warm water! This will aid water absorption during initial application

WET MOPS (LOOPED ENDS)

The loops keep the yarn ends from linting and fraying which extends the life of the mop, increases its effectiveness and helps with launderability.

The unique tailband provides no-gap, wide surface coverage, prevents tangles, helps with launderability and is a guaranteed labour-saver. Mop strands cannot wrap around furniture legs.

MULTI-MATE LOOPED WET MOPS

NARROW BAND (SYNTHETIC)

- general purpose, all-synthetic looped-end mop with narrow band
- provides more resistance to bleach and other chemicals
- less prone to mop rot
- launders well
- with tailband
