

### INDUSTRIAL ANTI-FATIGUE MAT

- raised ribs provide a great non-slip surface
- heavy duty rubber
- excellent anti-fatigue properties
- ramped borders on all edges
- Red is excellent for use in fry stations, cooklines, and greasy industrial areas
- easy to clean with specially designed holes that allow spills to pass freely through
- 1/2" thickness

Choose the mat that is appropriate to your application:  
**3' X 5' Red** (kitchen and food preparation applications)  
**3' X 5' Black** (industrial and warehouse applications)

### INTERLOCKING INDUSTRIAL ANTI-FATIGUE

- versatile, interlocking 3' X 3' workstation mat, 3/4" thick
- provides exceptional anti-fatigue comfort
- multiple ribs on the under surface keeps the mat safely in place
- specially designed non-slip surface provides excellent drainage
- bevelled edges and corners are available
- built in connector on 1 side
- additional connector strips are available to customize shapes
- made of high quality grease resistant(black) or grease proof rubber(red)
- easy to clean

Available in:

- **Black drainage** (industrial and warehouse applications)
- **Red drainage** (kitchen and food preparation applications)
- **Black Solid** (industrial and warehouse applications where drainage is not a requirement).

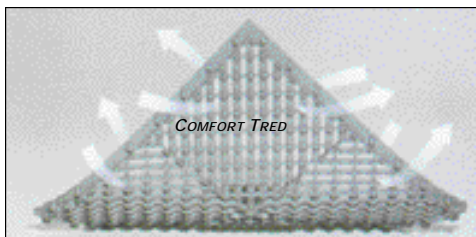

### REVERSE-A-MAT

- oil, grease, acid, alkali and animal fat resistance make mats suited for most kitchen and industrial applications
- reversible surface extends life and increases versatility
- bevelled edges available
- lightweight construction
- provides comfortable, slip resistant support
- 1/4" thick in sizes 3'x9', 3'x18', 3'x63', 4'x9', 4'x18', 4'x63'
- colours, red or black

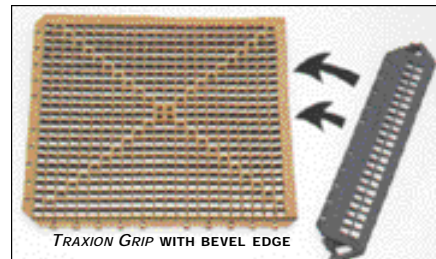

### INTERLOCKING MAT FEATURES

- 12" x 12" tiles may be assembled to exact specifications, while providing continuous surface with no seams to trip on
- mats may be rolled up for easy cleaning or storage
- both mats offer anti-fatigue/anti-skid and drainage
- withstands the effects of the sun
- impervious to most chemicals, mold and mildew

### COMFORT TRED

- attractive herringbone design
- the drainage holes provide excellent drainage and air circulation
- 2" x 12" bevelled edges available
- may be used behind bars, around swimming pools, in entrance wells, on boats, in shower stalls or in laboratories.
- colours available: tan, black, grey, red, light blue

### TRAXION GRIP

- oil and grease resistance make mats suited for most kitchen and industrial applications
- raised grippers prevent slippage of mat and provide anti-fatigue
- 2" x 12" bevelled edges available
- allows chemicals and moisture to drain away below mats surface
- ideal for virtually any industrial application
- use inside or outside
- colours available: black or tan
