

STAT-ZAP ANTI-STATIC CARPET

- the original anti-static carpet
- dissipates static electricity and protects computer equipment.
- continuous filament nylon with conductive fibres drains static electricity away in milliseconds
- no grounding cord required for regular protection.
- patented system dissipates static electricity through the backing of the mat for effective static control
- attractive loop pile carpet fused to an amazing 125 ml heavy-duty backing
- resistivity is 10^9 ohms per square.
- also available with a cushion-step backing for maximum comfort and relief

CHAIR MATS

- made of clear stiff vinyl with bevelled edges, pebble finished surface and carpet gripping notched stubs
- available in two sizes (see illustration) and three varieties:

General (low pile or non-padded carpet)

Extra (medium pile or padded carpet)

Supreme (thick pile or padded carpet)

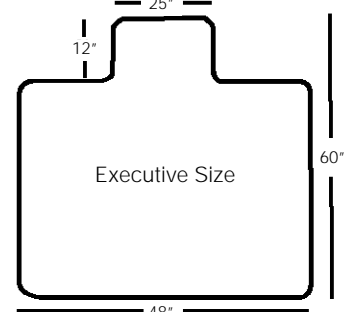

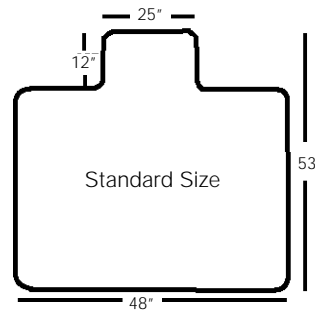

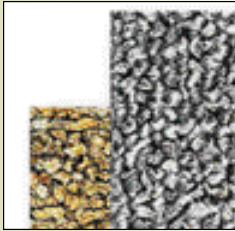

- available in clear only
- pebbled surface shows less wear and preserves the mobility factor
- exclusive notched studs grab the carpet, firmly anchoring the mat to the floor
- blends into any decor

SWITCHBOARD MATTING

- non-conductive, corrugated loop matting is engineered to insulate against shock around high-voltage electric equipment
- conforms to ASTM standards
- also meets all optional requirements for ozone resistance, flame resistance and oil resistance.
- overall thickness 1/4";
- dielectric rating is 30,000 volts.
