

**MICHAEL'S**

*Battery Operated Vacuum Sweeper*

**Four Innovative Sweeper Models to  
Revolutionize Your Clean-Up Jobs and  
Introduce a New Level of Productivity to Floor Maintenance**

**510 ET - WALK-BEHIND VACUUM SWEEPER**

Offering built-in battery charger, large debris litter-gates and battery run times of up to 4.5 hours, the TKS 510ET represents a revolution in the vacuum sweeping of carpets and hard surface floors.

- Large (50% larger) pleated dust control filter effectively eliminates the dust normally associated with sweeping maintenance
- Fingertip Controls - right hand operates the drive while the left controls the debris flap for larger trash
- Control panel is at operator's fingertips allowing for quick and easy access
- Cleaning rates up to 27,000 sq. ft. per hour
- Cleaning width of 28"
- Battery operated
- Built-in Battery charger has "Smart Charger"
- Makes the transition from carpet to hard surface without adjustments, and from dry to wet debris with just a flip of a switch
- 5 micron dust control
- User friendly, easy to operate
- Robotically welded for maximum quality
- Electrical monitoring system will extend battery life

Working Capacity	27,000 sq.ft./hr
Operating Time	up to 4.5 hours
Width with sidebroom	28"
Bin Capacity	1.5 cubic foot
Filter Surface	18 square foot
CFM	200
Dimensions	37" x 28" x 32" H
Weight without battery	230 lbs.

## Manual Sweepers

### LITTER SWEEP 28

Sweeping Width - 28"  
Work Capacity - 26,000  
sq.ft./hr  
Weight - 20 lbs.  
Hopper Capacity - 2 cu.ft.

### LITTER SWEEP 20

Sweeping Width - 20"  
Work Capacity - 17,000  
sq.ft./hr  
Weight - 13 lbs.  
Hopper Capacity - 1 cu.ft.

**BOTH LITTER SWEEP 20 AND 28 MANUAL SWEEPER MODELS OFFER A PATENTED NEW WAY TO SWEEP.**

These units will pick up debris up to 3" thick. Wet or dry, large or small, the Litter Sweep will do what no other sweeper can. Increases productivity with cleaning widths of 20" or 28". Lightweight, with large hopper capacities makes these models ideal for many different jobs. With only two moving parts, they offer low maintenance as well as ease of use. Convenient folding handle design makes storage a snap.

**Can be used indoors and outdoors, on concrete, tile, blacktop - even carpet to maintain a litter-free environment.**

Width with side broom - 26"  
Work Capacity - 26,900 sq.ft./hr  
Weight - 55 lbs.  
Hopper Capacity - 1.25 bushel  
Dimensions - 30" x 37" x 38"

### THE TK500M MANUAL WALK-BEHIND SWEEPER IS DESIGNED TO BE THE EASIEST-TO-USE MANUAL SWEEPER ON THE MARKET.

With a two-stage hopper system, it provides a superb level of dust control. The steel frame and tough polyethylene front hopper provide long-term durability. Increases cleaning productivity up to 26,900 sq.ft./hour, offering a 26" cleaning width. Featuring height adjustment for the main and 10" side broom, the TK500M offers maximum operator friendliness and maneuverability. One hand operation, lightweight with large hopper capacities, this model is ideal for large area applications as well as confined areas and hard-to-reach places.
