COMBAT YELLOW

Combat Yellow is a mild acid formulated to eliminate yellowing after wet cleaning of stain resistant carpets. It will correct pH imbalance, stabilize dyes and control over-application of stain blocker.

DIRECTIONS: Using a pump style sprayer, apply product undiluted in a uniform mist, saturating the carpet pile. Work problem area, rake in two different directions ensuring optimum surface contact. Remove product surplus with a wet vacuum, follow with air dryers. After the carpet has dried vacuum entire area.

Test small section of carpet to be cleaned for color fastness before using.
