## PORCELAIN BOWL CLEANER

FOR URINALS & TOILET BOWLS

CLEANER - DESCALER  
RUST REMOVER - DEODORIZER

**DESCRIPTION:** An acid based cleaner with adhesive properties enabling the product to stick to surfaces and provide contact time with dirt and stains. Contains non-ionic surfactants and pleasant perfumes. The acids are inhibited and will not harm plumbing. Ideal for use in institutional, commercial and food plant applications.

**DIRECTIONS:** Squeeze bottle and squirt a light film of product over surface to be cleaned. Spread product evenly over surface with a bowl-mop or brush. Allow 5 minutes contact time to loosen scale and stains. Then rinse clean.

**CAUTION:** Contains phosphoric and hydrochloric acids. Do not use with Bleach or Alkaline Cleaners.

**NOTE:** Avoid prolonged contact with chrome plated fixtures. Use only on acid resistant surfaces. For use on non-food contact surfaces only.

Keep out of reach of children.
